Operation Certification

江苏神马电力股份有限公司为江苏东三线 500kV 技改工程 (酒杯塔)提供 59 基 500kV 复合支柱绝缘子产品,工程供货清单如下表所示:

SHEMAR provided fifty-nine I type composite post insulators for East Jiangsu III 500kV technical renovation project (goblet tower). The detail of the composite cross-arm towers is as below:

产品类型	电压等级	数量/基	
Specification	Voltage	Quantity	
复合绝缘子	500kV	59	
Composite post insulators			
合计		59	
Total	otal		

江苏神马电力股份有限公司复合支柱绝缘子有效防止输电 线路风偏跳闸事故,对于提升输电线路的可靠性和经济性具有重

要意义。

SHEMAR's composite post insulators can prevent windage yaw trip and make great contribution to improve OHL's reliability and economical efficiency.

2016年工程成功投入试运行。至今为止,江苏神马电力股份有限公司所提供的复合绝缘子产品运行状态良好。

The project was put into operation in 2016. SHEMAR's composite insulators are working in good situation.
